Mykola Salamakha

Front end developer

Areas of my work

Portfolio web sites

I create individual portfolio websites for specialists in various fields (designers, photographers, consultants, developers, marketers, etc.

E-commerce web sites

I create websites for stores. Many store owners want to stand out from the competition and provide a great experience for their customers. I help them with this
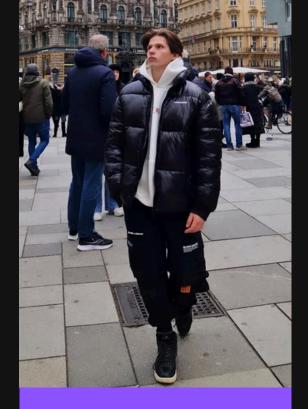

Web apps

I develop interactive web applications, including content management tools, calculators, tables with dynamic data, etc.
